Grant of a conditional certificate

bluesign® COMPANY ASSESSMENT was performed for company's production site

Has Etiket Tic. ve San. A.S

Mimar Sinan Cad. Ünverdi Sk. No:50, 34540 Günesli-Bagcilar/Istanbul, Turkey

on September 25, 2024 by Julian Wade. The resulting roadmap for remedy of the detected nonconformities was discussed and agreed on October 30, 2024.

Remedy of the nonconformities follows the agreed roadmap schedule and could not be completed before expiry of the previous certificate. In order to allow Has Etiket Tic. ve San. A.S to regain compliance with the bluesign® CRITERIA, existing certification remains conditionally valid until agreed roadmap due date.

Precondition for validity of the conditional certificate is that Has Etiket Tic. ve San. A.S strictly adheres to the roadmap, provides all necessary data for completion of chemical assessment and continues the chemical change process.

A conditional certificate does not allow addition of new product groups/processes to the certificate. It will be replaced by the regular certificate for articles produced with blue, grey, tolerated and accepted chemical products, once all required activities are completed.
